Washington, D. C., July 3.-The end of the extra session is not yet in sight. Monday and all efforts to fix the time for a final vote in the Senate have proved futile When the Sen ate met today there was some hope that the final vote would be reached to-night, but this was speedily dispelled by the storm occasioned when Mr. Allison reported a new amend ment from the finance committee, giving a bounty of one-quarter of a cent a pound on beet sugar from beets grown in the United States.

Outrage at Wichita.

Wichita, Kan., July 3.—The most vicious crime in the history of this city was attempted here last night at 11:30. While Miss Rosa Seaman, a highly respected white girl, was passing along the street, going home from a near neighbor's, she was accosted by five negroes. She attempted to run, but the brutes caught her and a terrific struggle ensued She acreamed for help twice, but was choked to silence by the fiends who had assailed her.

The noise of the struggle attracted attention and two or three neighbors ran to see what the trouble was. The negroes fled at the first approach of help and disappeared among the cars in the Santa Fe yards. When Miss Scaman was found she was in an unconscious condition and her clothes torn from her body. Officers started in pursuit and one of the crimina's, named John Scraggs, was caught. He was hustled off to jail before violence could be offered. There is much excitement and talk of summary execution. Miss Seaman is about 18 years of age and lives with J. Rudy, Green of Ray county, clerk, re-elect- one of the proprietors of the Union mills of this city.

How to Find Out.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pains in the back, is also convincing proof Pittsburg, and this city will be the able to restore order. Many arrests that the kidneys and bladder are out of order. WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, blad-der and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root s soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail.
